Attention: Engr Aloy O. Duru

Dear Sir,

**RE: CREATION OF A FRAMEWORK FOR DEVELOPING AND MATURING AN
IDENTIFIED GAS SUPPLY OPTION FOR THE BRASS FERTILIZER PROJECT**

INVITATION TO PROVIDE FACILITIES ENGINEERING SUPPORT

Reference discussions between our Chief Ben Okoye and Chief Femi Adesanya and your Engr Aloy Duru on the above subject on Thursday 11th July in our office, we hereby confirm our invitation for your organization's participation in the framing study which is to be carried out by Brass Fertilizer Limited and The Shell Petroleum Development Company of Nigeria Ltd.

Our requirement is that your organization provides competent manpower resources as may be required during the study supported with appropriate QA/QC to cover the Facilities Engineering requirements of the study. The resources provided by your organization will work in a multidisciplinary team from Brass Fertilizer. Other disciplines in the team include Sub-Surface, Commercial and Legal. A similar multidisciplinary team will be established by Shell.

We have been informed by Shell that the inaugural meeting of the team will hold on Wednesday 17th July in the Shell Office. We will advise further details on this early next week.

Meanwhile, we will appreciate your formal confirmation of participation in the study and your availability to attend the inaugural meeting. In addition, please provide us with your proposed rates for such work.

Your early response will be highly appreciated.

Yours Sincerely,
For: **BRASS FERTILIZER COMPANY LTD**

Chief Ben Okoye
Executive Chairman,
